Guidelines for Authors

As after each meeting of the Origins series, the call is addressed to the authors of paper or poster presentations accepted for the Origins8 Conference in Krakow. However, following the decision taken and announced already in Kraków, this volume will be special, since dedicated to the memory of Stan Hendrickx. That is why, apart from regular proceedings contributions, the volume will be enlarged with texts written by his friends and colleagues, even if they did not attend the conference.

All submitted texts will undergo a peer review process. The final decision on publication will be made by the volume editors.
